Type in your e-mail address and select "Sign Up".

Select "Create new account". This will create your account. The system will send you an e-mail containing your password. At this time Meal Magic doesn't allow you to change your password. After receiving your password you can go back to the "MyLunchAccount" page and log in. You will then be asked to add students. At that time you will need their

You will need to submit this information for each child. Save the information and you can then view all accounts.

Thank you for your patience during this transition to our new system.
